Know and Live

This term we're breaking open the extraordinary letter of Ephesians. It's a powerful, moving letter of two halves. The first half paints this beautiful vision of who we are in Christ, what God has done for us and his plans for his Church. The second half is very practical and unpacks what it means to live for God in our day to day lives and relationships. The first half is about what you need to know, the second half is about how you live it out.

This is one of the things that makes Christianity totally unique; God doesn't expect us to meet some standard or change our ways before he will bless us. No, he blesses us and changes us and does so much for us before we even lift a finger. This means we live our new life not out of fear or striving but certain of his love and confident of his grace. There are truths here that if we take them into our hearts have the power to change the world
